

INTRODUCING **DESERET SECURE!**

Important information about your patient's new Medicare Advantage Private Fee-for-Service Plan

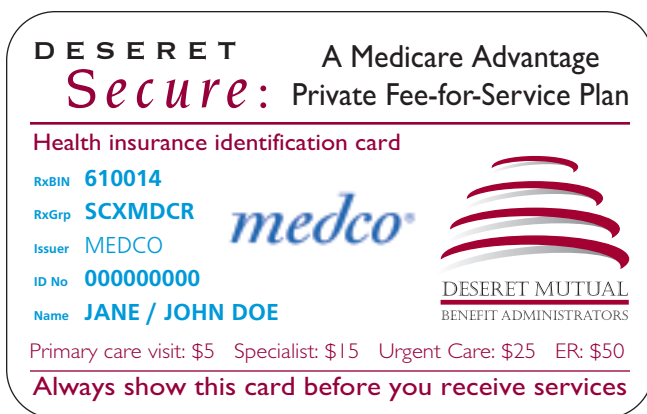

Dear Provider:

Your patient is enrolled in **DESERET SECURE**, our new Medicare Advantage Private Fee-for-Service plan. Beginning January 1, 2007, Deseret Secure (and Deseret Secure *PLUS*, which includes a higher prescription drug benefit) replaces all our existing plans for our members on Medicare, including our HCPP and Medicare supplement products.

Deseret Secure has been approved by the Centers for Medicare & Medicaid Services. Deseret Secure does not contract with physicians or other health-care providers. Instead, providers may choose to be what's called "deemed" on a patient-by-patient basis.

You are considered a deemed provider when you:

1. Have knowledge that a Medicare beneficiary is enrolled in Deseret Secure (a copy of the new identification card is shown below),
