

BRIGHAM YOUNG UNIVERSITY HAWAII

STUDENT MEDICAL BENEFIT 2014-2015

BYU-HAWAII STUDENT MEDICAL BENEFIT SUMMARY OF BENEFITS

Student Health Center	You and your covered dependents must use the Student Health Center (SHC) as your primary care provider. Covered services at the SHC are paid at 100% after your \$10 copayment. Any service provided outside of the SHC requires a referral from the SHC and preauthorization from Deseret Mutual.		
Referrals	If you or your covered dependents need to see a specialist outside of the SHC, you must obtain a referral from the SHC before making an appointment with the specialist.		
Preauthorization	You must preauthorize all services outside of the SHC, except emergency room visits. Before you receive the medical care, you or your provider must call Deseret Mutual at 1-808-675-3972 to get your preauthorization number (see page 5).		
Copayments	SHC: \$10 for regular visits. Outside of the SHC: \$25 per service for physician, urgent care, and other outpatient care (\$200 per service that is not preauthorized); \$50 for hospital emergency room visits; \$200 per hospital admission (\$400 per hospital admission that is not preauthorized).		
Maximum Benefit	There is a maximum benefit of \$250,000 per person per policy year for services outside of the SHC.		
Catastrophe Protection	There is a maximum student responsibility of \$7,500 per person per policy year for services outside of the SHC. If your student responsibility reaches \$7,500, your benefits for the remainder of the calendar year are paid according to the catastrophe protection of the Student Medical Benefit, up to your \$250,000 annual plan maximum. For more information, see page 16.		
Explanation of Covered Expenses	Benefit payments are subject to maximum allowable charges (see page 24).

Introduction

Having good health is important for you to achieve your goals at BYU-Hawaii. And having adequate medical coverage is important to your good health. Without adequate coverage, unexpected expenses could alter your future dramatically. An accident, illness, or hospitalization could result in a financial burden to you, your family, and the community. For this reason, BYU-Hawaii covers all full-time (matriculating) students while in Hawaii.

Good health is vital for you to be successful in your university studies. If you're currently being evaluated or receiving care or treatment for a medical condition, please discuss your plans with your physician before coming to BYU-Hawaii. It's important to resolve any problems that may prevent you from maintaining full-time student status or require you to miss classes or assignments.

The BYU-Hawaii Student Medical Benefit was designed to offer a wide range of benefits for students, spouses, and their children. It is administered by BYU-Hawaii and Deseret Mutual, based in Salt Lake City, Utah. For your convenience, Deseret Mutual has a Hawaii office to serve you locally.

This handbook will provide you with a summary of benefits, as well as information about how the Student Medical Benefit works. Please review this information carefully. **To receive the benefits available to you, it's your responsibility to become familiar with the provisions and guidelines. Exceptions to contractual provisions cannot be granted.**

The BYU-Hawaii Student Medical Benefit

You are enrolled in the BYU-Hawaii Student Medical Benefit while you are enrolled as a full-time (matriculating) student on campus attending class. BYU-Hawaii maintains the right to revoke a student's full-time status because of academic, Honor Code, or other infractions. When you end full-time enrollment, you are no longer covered by the Student Medical Benefit. International students **must** enroll all eligible dependents that reside with them while attending BYU-Hawaii.

A student is eligible for the Student Medical Benefit when enrolled in and attending classes of 12 or more credit hours, with at least one face-to-face class on campus. If a student is enrolled in fewer than 12 credit hours, he or she must be approved for a reduced load to be eligible for the Student Medical Benefit.

If you are married, your non-student spouse and children will not be enrolled automatically, but you may enroll them by completing a Dependent Coverage Enrollment Form. All international students are required to enroll their dependents and non-student spouse. International students must also enroll newborn dependents in the Family Student Medical Benefit. If your spouse is also a full-time student, he/she will be enrolled automatically.

Enrolling Your Family

To enroll your eligible dependents, you may change your enrollment from individual to family coverage at the beginning of your first semester, or at the beginning of each fall semester thereafter.

Their enrollment will remain in effect until you graduate or lose your coverage from BYU-Hawaii (for [coverage periods](#), see page 3). BYU-Hawaii will renew enrollment for your family at the beginning of each fall semester based on their enrollment for the previous semester. If you want to change your family's enrollment, remember to notify the Student Medical Benefit Office.

To enroll your family, complete an enrollment form and return it to the Student Medical Benefit Office. Enrollment forms are due during the first week of classes. If you are a new student, you must return the form during the first week of your first semester.

Remember, if you don't enroll your dependents at the beginning of your first semester or at the beginning of the fall semester, you can't add them to your coverage midyear. You must wait until the next fall semester unless you meet one of the special circumstances outlined below.

Changing Enrollment Midyear

If you acquire a new dependent through marriage, birth, or adoption, you may enroll or change your enrollment to include coverage for your new spouse and/or child as long as you apply within 30 days. If this changes your coverage option, you will be assessed the appropriate premium prorated to the enrolled date. Remember, you must formally enroll a newborn or adopted child; it isn't done automatically for you when the child is born or placed in your care.

Newborn and adopted newborn dependents with medically diagnosed congenital defects and birth abnormalities will be covered for care and treatment from the date of birth for 30 days. To receive this coverage, you must add the newborn to your Student Medical Benefit policy. Adopted dependents who are not newborns will be covered automatically from the date of placement for 30 days (with premium payment).

In the case of an adopted child, "placed" means physical placement in the care of the adoptive subscriber or other member of the covered group. When physical placement is prevented because the child requires care in a medical facility, "placed" means when the adoptive subscriber or other member of the covered group signs agreements for adoption and assumes financial responsibility for the child.

Eligibility

The following individuals may be enrolled in the Student Medical Benefit.

Students: For a student to be eligible for the Student Medical Benefit, he or she must be considered "full time." Usually at BYU-Hawaii, a student is considered full time when enrolled in 12 or more credit hours with at least one face-to-face class on campus. **Please be aware, if you are registered for fewer than 12 credit hours, you must get approval for the reduced load to be eligible for the Student Medical Benefit.**

The following do not count toward minimum credit hour requirements:

- Credits earned through testing (for example, language credits, Advanced Placement exams, etc.)
- Credits earned by auditing a course (that is, taking a course but not receiving a grade or academic progress)
- Credits earned for coursework taken at an institution other than BYU-Hawaii

Dependents who are eligible to be enrolled include:

- Your legal spouse
- Your eligible children. Eligible children are your unmarried children who are younger than 26 and must reside full-time in your household, including:
 - Natural children (including infants from date of birth), legally-adopted children, and children appointed by a court of law to your custody or your spouse's custody. In the case of a child who is committed by a court of law to your custody or your spouse's custody, you must submit a copy of the certified court order granting the adoption, custody, or guardianship
 - A child placed with you under the direction of a licensed child placement agency and for which you are the legal guardian
 - Your unmarried child who is 26 or older and incapable of self-support because of mental or physical disability that existed before the child reached 26, and who is primarily dependent upon you for support. You must submit proof of the incapacity within 30 days of your child's 26th birthday. This exception is subject to approval of the Student Medical Benefit Committee
 - Your stepchild (child of your spouse) younger than 26. If the stepchild is younger than 18, your spouse must have a court order granting full or partial custody

Coverage

While You're Away from BYU-Hawaii

In the following instances, your Student Medical Benefit coverage will continue while you are away from the BYU-Hawaii campus.

- **Short Breaks from School:** You are covered for the academic year unless you are not enrolled as a full-time, continuing student or otherwise lose your full-time student status.
- **Internships and Performing Groups:** If you participate in an internship required by your department or you travel as a member of a BYU-Hawaii performing group on tour, you will be enrolled in the Student Medical Benefit. You will lose your medical coverage if you graduate or terminate from school.
- **Missions:** If you leave BYU-Hawaii to serve a mission, you will not be enrolled during that time. You will re-enroll when you return as a full-time student to BYU-Hawaii.

Coverage Periods

When does coverage begin?	For You and Current Dependents	For a New Spouse	For a Newborn (Natural or Adopted)	For an Adopted Child (Non-newborn)
Student Medical Benefit	Seven days before the first day of class, if you have arrived on campus	12:01 a.m. on the date of marriage*	Enrolled from date of birth for 30 days**	Enrolled from date of placement for 30 days**
Mid-year Enrollment	First day of coverage period for the semester in which you enroll			

* You must formally enroll your new spouse within 30 days of marriage.

** You must formally enroll your dependent within 30 days of birth or placement. You will be charged a premium retroactive to the baby's birth date.

You are covered while you are traveling to school and during on-campus activities before the first day of classes. This coverage is effective for up to seven days before you are due to report for classes.

You are enrolled as long as you are a full-time (matriculating) student. The participation level you choose (either individual or family) will generally remain in effect as long as you don't lose full-time student status. (If you drop below full-time status, Regular On-Campus Coverage will end on the first day of the semester in which your status changes.)

After your coverage ends, you may request a *Certificate of Creditable Coverage* by calling Deseret Mutual. This is a document certifying the length of time you were enrolled in the Student Medical Benefit.

Coverage at Other Church Universities

If you receive services at the SHC of another Church university, you must pay a \$10 copayment and you will be covered at 100% for eligible services. You don't need preauthorization.

Opting Out of the Student Medical Benefit

Upon approval, a domestic student may choose to opt out of the Student Medical Benefit and use his or her own private insurance plan. For more information, please contact the Student Health Benefit Office.

Premiums for Non-student Dependents

For additional dependent premiums, see the table below. Domestic students are strongly advised to add their dependents, but are not required to do so.

Dependents	Premium
Dependents of Single Students	Semester \$ 150
Dependents of Married Students	Semester \$ 500

If you change enrollment midyear, your premium (or additional premium, if necessary) will be due immediately when you enroll for the semester in which the change becomes effective.

How the Student Medical Benefit Works

Overview

You must receive or coordinate all your medical care at the [SHC](#) (see page 6). When you receive services at the SHC, you pay an upfront **copayment** of \$10. If the SHC cannot treat you, you will be referred to a medical provider in the community.

If you receive authorized services outside of the SHC, you pay an upfront copayment to the medical provider. A copayment is a fixed dollar amount (usually \$25) that you owe at the time services are received. Also, your provider may require you to pay the additional 20% patient responsibility when you receive services. Any payments you make will be credited to your account.

After you pay your copayment, the amount Deseret Mutual pays on behalf of the Student Medical Benefit is your benefit (for example, 80%). The amount you pay (the remaining 20%) is the [student responsibility](#) (see page 5).

If you receive services outside of the SHC, you or your medical provider must [submit an itemized bill](#) to Deseret Mutual (see page 16). On behalf of the Student Medical Benefit, Deseret Mutual will process your claim, send a check for the benefit to the medical provider, and send you an **explanation of benefits** (EOB) statement. This statement will itemize the charges, your copayment, the benefit, and the student responsibility. You must pay your copayment (if you haven't already done so) and the student responsibility to the medical provider.

In some cases, the medical provider will bill more than the Student Medical Benefit's [maximum allowable limit](#) for the services you received (see page 24). If so, your explanation of benefits statement will also itemize how much of the bill is over the maximum allowable limit.

- If you receive your care from one of Deseret Mutual's **contracted providers**, you don't have to pay any amount over the maximum allowable limit. When health-care providers contract with Deseret Mutual, they agree not to bill you for more than the maximum allowable. (For information about [contracted providers](#), see page 15.)
- If you receive your care from a provider who is not contracted with Deseret Mutual, you are responsible to pay any charges over the maximum allowable limit.

You are also responsible to pay your medical provider for any services that aren't paid for by Deseret Mutual on behalf of the Student Medical Benefit. For example, medical tax charges are not eligible for reimbursement and are your responsibility.

For more [definitions of terms](#) used in this handbook, see page 23.

Student Medical Benefit Identification Card

To obtain a copy of your Student Medical Benefit card, please contact the on-campus Deseret Mutual office.

Copayments

You must receive or coordinate all your medical care at the [SHC](#) (see page 6). If the SHC cannot treat you, you will be referred to a medical provider in the community. Your office visit fees and copayments are as follows:

Services at the SHC	Services Outside of the SHC
Physician services: \$10 per visit	Physician services and other outpatient care: \$25 per service
	Hospital emergency room: \$50 per visit
	Hospital admission: \$200 per hospital admission \$50 for newborn infants

Benefits and Student Responsibility

After you have paid your copayment, benefits for the remainder of eligible expenses are:

	Services at the SHC	Services Outside of the SHC
The benefit pays:	100%	Contracted providers: 80% Non-contracted providers: 50%
You pay:	0%	Contracted providers: 20% Non-contracted providers: 50%

Maximum Benefit

Expenses that exceed \$250,000 per academic year are not covered. For information about [Catastrophe Protection](#), see page 16.

Preauthorization

All services received outside of the SHC, other than emergency care, must be preauthorized by Deseret Mutual. You must preauthorize before you receive the medical care. To preauthorize all care outside of the SHC, you or your provider must call Deseret Mutual at 1-808-675-3972.

If your referred provider recommends care that is not specified in the referral from the SHC (such as additional office visits, tests at another facility, or consultation with another health-care provider), **you must contact Deseret Mutual for preauthorization before you receive the additional care.** Remember, care beyond the scope of the original SHC referral must also be authorized in advance by Deseret Mutual. **If you don't preauthorize services you receive outside of the SHC, you pay an additional \$200 copayment per service.**

Even if you have preauthorization from Deseret Mutual to see an outside provider, that does not guarantee payment for any treatment you may receive. The guidelines, benefits, and exclusions of the Student Medical Benefit will determine claims payment.

Discounted Dental

A Discounted Dental program is available to all students. This program provides students with discounted prices on dental services. Contact the Student Medical Benefit Office for more information.

Student Health Center

The Student Health Center (SHC) provides or coordinates all medical care that is paid for by the Student Medical Benefit. It is open to all students, spouses, and dependents who are enrolled in the Student Medical Benefit. If you need eligible services that the SHC can't provide, you'll be referred to contracted medical providers in the community. These providers have contracted with Deseret Mutual to offer care at a reduced cost to participants. The discounts will be reflected in the portion of charges that you are responsible to pay.

The SHC provides some limited durable medical equipment and medical supplies.

Some routine services available at the SHC are not eligible for benefits.

Operating Hours

SHC hours are as follows (last appointment available one-half hour before closing):

Monday through Friday	Exceptions
8 a.m. to 5 p.m.	Closed every weekend, for all school observed holidays, and for administrative purposes as needed

Services Outside of the SHC

The Student Medical Benefit covers hospitalization and many other specialized medical services that the SHC does not provide. If you need such services, you will be referred to a contracted medical provider in the community. **You must be referred by the SHC and preauthorize all care you receive outside of the SHC, except for emergency care.**

Not all services are eligible for benefits. To see which services are not covered, please carefully read the [exclusions](#) beginning on page 17.

Deseret Mutual's Preferred Provider Network

If you are away from Oahu while you're enrolled in the Student Medical Benefit, you may obtain care from any qualified, appropriately licensed medical provider. However, it's to your advantage to make sure the physicians and hospitals providing your care are part of Deseret Mutual's Preferred Provider Network. Your benefits will be higher and the providers will not bill you for fees that exceed the Student Medical Benefit's maximum allowable amounts.

This network extends throughout most areas of the United States, and includes physicians and hospitals that provide quality care at substantially discounted rates.

For information about contracted providers in your area, please see the following networks. (**Remember, you must preauthorize all care outside of the Student Health Center by calling 1-808-675-3972.**)

Find a Contracted Medical Provider: **Hawaii: MDX Contracted Providers**

Remember, eligible expenses for services from contracted providers are covered at 80% while eligible expenses from non-contracted providers are covered at 50%.

Emergencies

In an emergency, you should always get the appropriate care immediately. For non-life threatening situations, you'll pay \$10 at the SHC. At an urgent care facility, you'll pay a \$25 copayment plus 20%. At a hospital emergency room, you'll pay a \$50 copayment plus 20%.

Life-threatening Emergencies

If you are faced with a life-threatening emergency, you should seek immediate medical treatment from a qualified, accessible provider. Benefits for treatment outside of the SHC will apply.

Life-threatening emergencies are those in connection with a sudden and unexpected onset of a condition requiring immediate medical or surgical care to safeguard the patient's life. This includes heart attack, severe bleeding, loss of consciousness, convulsions, or temperature of more than 104° Fahrenheit.

Other Medical Emergencies

Other medical emergencies are those that are not life threatening, but the onset of symptoms is so sudden and severe that immediate medical or surgical treatment is required to prevent serious impairment of bodily functions.

In the case of an emergency that is not life threatening while the SHC is open, you should obtain care from the SHC.

If such an emergency occurs when the SHC is closed, call the after-hours telephone number. If you are directed to seek care from another qualified, accessible provider, contact the SHC within two working days to coordinate care.

If you receive services in an emergency room and you are subsequently admitted to the hospital, you must call Deseret Mutual to preauthorize the admission within two business days. If you receive emergency care in a physician's office after business hours, you must also call Deseret Mutual for preauthorization.

Follow-up to Emergency Care

For all emergencies, contact Deseret Mutual at 1-808-675-3972 before you receive any follow-up care. If you need to receive follow-up care outside of the SHC, **you must preauthorize with Deseret Mutual before you receive the care.**

Submitting Claims for Payment

Most providers in Hawaii will submit your claim to Deseret Mutual directly. If you pay for services, please bring your receipts to the Hawaii Deseret Mutual office.

Beginning January 1, 2013: If you receive services outside of Hawaii, Utah, or Southeast Idaho, your provider should send claims directly to UnitedHealthcare. The address is on the back of your Student Medical Benefit ID card.

To be eligible for coverage, claims must be submitted within 12 months of the date of service.

Catastrophe Protection

If your share of eligible expense reaches a certain limit per academic year (your annual maximum student responsibility), your benefits for the remainder of the academic year are paid according to the catastrophe protection of the Student Medical Benefit, up to your \$250,000 annual plan maximum benefit.

For individuals (students and/or dependents) enrolled in the Student Medical Benefit, after your share of eligible expenses reaches \$7,500, benefits increase to 100% for eligible charges (up to \$250,000), based on the Student Medical Benefit's maximum allowable limits. But you continue to be responsible for copayments and coinsurance on these benefits; catastrophe protection does not apply:

- Hospital emergency room
- Mental health — outpatient care
- Office visits
- Therapy (such as physical therapy)
- Urgent care facility

Expenses for the following services do not apply to your annual maximum student responsibility and are not paid for by catastrophe protection:

- Infusion therapy drugs purchased through your physician's office
- Prescription drugs

These expenses don't apply to the annual maximum student responsibility and aren't paid for by catastrophe protection:

- Amounts that exceed the maximum allowable limits
- Ineligible amounts
- Premium payments
- Any other expenses not covered by the Student Medical Benefit

Repatriation of Remains

If a covered accident or illness causes the death of an enrolled student while he or she is in a foreign country (that is, the student is not a citizen of the country), or if the student is a resident of the continental United States, the Student Medical Benefit will pay expenses for returning the body to the country of citizenship or the continental United States, up to a maximum benefit of \$7,500. To be eligible for coverage, expenses must be approved in advance. For more information, call Deseret Mutual at 1-808-675-3970.

Medical Evacuation for Sponsored Visitors

In compliance with U.S. State Department requirements, BYU-Hawaii will cover up to \$10,000 of expenses associated with the medical evacuation of a sponsored exchange visitor to his or her home country. For eligibility requirements and other information, please contact the office of the Vice President of Student Services & Development at 808-675-3799.

Exclusions

Services that do not meet the definitions of eligible, as previously defined, are not eligible for coverage by any coverage option. In addition, the following services and their associated costs are excluded from coverage:

Alternative Care

- 1.1 Holistic, homeopathic, ecological, or environmental treatment
- 1.2 Acupuncture
- 1.3 Vertebral column rehabilitation (chiropractic care) or massage therapy

Congenital Anomalies

- 2.1 Ineligible unless necessary to preserve life
- 2.2 Care, treatment, or operations provided outside of the SHC in connection with congenital anomalies when such services are performed to restore normal body form or appearance, the conditions are not immediately life threatening, and/or the timing is subject to the choice or decision of the patient and physician. This exclusion does not apply to care, treatment, or operations to treat congenital anomalies in children who have been enrolled since birth

Convenience / Cosmetic Services

- 3.1 Care, treatment, supplies, or other services incurred primarily for convenience, contentment, or other non-therapeutic purposes
- 3.2 Care, treatment, or operations that are performed primarily for cosmetic purposes (non-suspicious mole removal, normal or abnormal hair loss, etc.), except for expenses incurred as a result of injury suffered while enrolled in the Student Medical Benefit
- 3.3 Care, treatment, diagnostic procedures, or other expenses for an abdominoplasty, breast reduction, lipectomy, panniculectomy, skin furrow removal, or diastasis rectus repair

Exclusions (continued)

Custodial Care

- 4.1 Hospice care, custodial care, education, training, or rest cures
- 4.2 Inpatient hospitalization or residential treatment for the primary purpose of providing shelter and/or safe residence

Dental Care

- 5.1 Dental treatment, except that made necessary by accidental injury to sound natural teeth, as provided for by the Student Medical Benefit

Diagnostic & Experimental Services

- 6.1 Care, treatment, diagnostic procedures, or operations that are:
 - Considered medical research
 - Investigative/experimental technology
 - Not recognized by the U.S. medical profession as usual and/or common
 - Determined by the Student Medical Benefit not to be usual and/or common medical practice
 - Illegal

That a physician might prescribe, order, recommend, or approve services or medical equipment does not, of itself, make it an allowable expense, even though it is not specifically listed as an exclusion.

Investigative/experimental technology means treatment, procedure, facility, equipment, drug, device, or supply that does not, as determined on a case-by-case basis, meet all of the following criteria:

- The technology must have final approval from all appropriate governmental regulatory bodies, if applicable
- The technology must be available in significant number outside the clinical trial or research setting
- The available research about the technology must be substantial. For Student Medical Benefit purposes, substantial means sufficient to allow the Student Medical Benefit to conclude the technology is:
 - both medically necessary and appropriate for the covered person's treatment
 - safe and efficacious
 - more likely than not will be beneficial to the covered person's health
 - must be generally recognized as appropriate by the regional medical community as a whole

Procedures, care, treatment, or operations falling in these categories described herein continue to be excluded until actual experience clearly defines them as non-experimental and they are specifically included in the medical policy

Educational Programs

- 7.1 Educational programs (except for diabetes education) provided outside of the SHC (PMS clinics, etc.)

Fertility / Family Planning / Home Delivery

- 8.1 Reproductive organ prostheses
- 8.2 Care, treatment, or operations provided in connection with sexual dysfunction
- 8.3 Abortions, except in cases of rape or incest or when the life of the mother would be seriously endangered if the fetus were carried to term
- 8.4 Family planning, including contraception, birth control devices, surgery, and/or drugs
- 8.5 Planned home delivery for childbirth and all associated costs
- 8.6 Services related to the evaluation and treatment of the cause(s) of multiple miscarriages (the miscarriage itself is covered) or infertility
- 8.7 All services and expenses related to a surrogate pregnancy including but not limited to care, treatment, delivery, diagnostic procedures, or operations, as well as maternity care and prenatal/postnatal care for the newborn child are excluded. All services and expenses for complications related to a surrogate pregnancy are also excluded. All services and expenses related to a pregnancy resulting in an adoption including but not limited to care, treatment, delivery, diagnostic procedures, or operations, as well as maternity care for the surrogate mother and prenatal/postnatal care for the newborn child are excluded. All services and expenses for complications related to a pregnancy resulting in adoption are also excluded.

Exclusions (continued)

Government / War

- 9.1 Services furnished by a hospital or facility owned or operated by the United States Government or any agency thereof; any charges for services, treatments, or supplies furnished by or for the United States Government or any agency thereof
- 9.2 Services covered, or which could have been covered, by any governmental plans (including, but not limited to, Medicare or Medicaid)
- 9.3 Conditions caused by or resulting from war or act of war or service in the military forces of any country at war, declared or undeclared. War includes hostilities conducted by force or arms by one country against another country, or between countries or factions within a country, either with or without a formal declaration of war

- 15.2 Sex change operations and all associated procedures and services (medical, psychological, pharmaceutical, surgical, etc.)
- 15.3 Aviation-related accidents (including but not limited to parachuting, hang gliding, or ballooning events), other than to passengers on scheduled commercial airlines

Exclusions (continued)

Miscellaneous (continued)

- 15.4 Services of any practitioner of the healing arts who ordinarily resides in the same household with you or your dependents, or has legal responsibility for financial support and maintenance of you or your dependents
- 15.5 Injuries sustained as a result of cliff jumping/diving
- 15.6 All services performed outside of Deseret Mutual's domestic national provider network area

Obesity

- 16.1 Care, treatment, or operations provided outside of the SHC in connection with obesity or weight loss (including bariatric surgery)

Other Insurance / Workers' Compensation

- 17.1 Services covered or that could have been covered by applicable workers' compensation statutes
- 17.2 Services or materials covered or that could have been covered by insurance required or provided by any statute had the participant complied with the statutory requirements, including but not limited to no-fault insurance
- 17.3 Services that a third party, the liability insurance of a third party, or the uninsured and/or underinsured motorist insurance pays or is obligated to pay

Prescription Drugs, Specialty Pharmacy Medications, Formulas, & Supplements

Claims Review Procedures

If you have questions, concerns, or complaints, please bring them to our attention. This includes complaints about the SHC, contracted and non-contracted physicians and facilities, administrative procedures, claims payments, or preauthorization procedures.

If you have concerns about the Student Medical Benefit, the SHC, its staff, or services you receive there, contact the SHC director at 1-808-675-3510 or 1-808-675-3487, or visit or write to 55-220 Kulanui St. #1916, Laie, Hawaii 96762.

If you have concerns about services you received outside of the SHC, please contact the Deseret Mutual Hawaii Manager at 1-808-675-3970.

To file a complaint about claims for services received outside of the SHC, or concerning administrative or preauthorization procedures, please follow these steps:

- Come to the Hawaii Deseret Mutual office to discuss your complaint
- If your complaint is not resolved, prepare a written statement explaining the nature of your complaint and request a formal review by the Student Medical Benefit committee. This committee meets on a monthly basis and is comprised of the Medical Director, the Vice President of Administrative Services, and professional personnel from BYU-Hawaii. Professional personnel from Deseret Mutual may consult with the committee as needed.

Coordination of Benefits

The Student Medical Benefit adheres to appropriate coordination of benefits guidelines and regulations.

Subrogation

If you have an injury that is the liability of another party and you have the right to recover damages, Deseret Mutual, on behalf of the Student Medical Benefit, has the right of subrogation and will require reimbursement for any amount it has paid when damages are recovered from the third party. The Student Medical Benefit will be reimbursed:

- First
- From any recovery from a claim against a third party, the third party's liability insurance carrier, or your uninsured and/or underinsured motorist insurance carrier
- Whether the recovery is obtained by settlement, judgment, or from any other source
- Regardless of how the settlement is allocated by the third party or insurance carrier

Your acceptance of benefits from the Student Medical Benefit for the injury constitutes subrogation. You must provide any information Deseret Mutual requests for subrogation purposes. If you fail to do so, you will be responsible for reimbursing all the costs and expenses paid by the Student Medical Benefit for the injury.

Notification of Benefit Changes

BYU-Hawaii reserves the right to amend or terminate the Student Medical Benefit at any time. If benefits change, we will notify you at least 30 days before the effective date of change.

For the most up-to-date listing of benefits and exclusions, refer to the Student Medical Benefit handbook website at www.dmba.com/nsc/Student/Handbooks.aspx.

Fraud Policy Statement

It is unlawful to knowingly provide false, incomplete, or misleading facts or information with the intent of defrauding the Student Medical Benefit. An application for the Student Medical Benefit or statement of claim containing any materially false or misleading information may lead to reduction, denial, or termination of benefits or coverage from the policy and recovery of any amounts Deseret Mutual may have paid on behalf of the Student Medical Benefit. Non-compliance or abuse of health-care benefits or systems may also lead to reduction, denial, or termination of benefits or coverage from the policy and recovery of any amounts Deseret Mutual may have paid on behalf of the Student Medical Benefit.

Good Financial Standing: Students are considered in good financial standing when they have no outstanding financial obligations to the university as determined by the Financial Services Office

Illness: A bodily disorder, disease, pregnancy, mental or emotional infirmity, or all sickness that is a result of the same cause or a related cause

Inpatient Hospital for Mental Illness: A general acute care hospital that has designated beds and is licensed by the state and certified by Medicare and/or Medicaid for the treatment of mental illness disorders, or a freestanding psychiatric hospital that is licensed by the state as a health-care facility and is certified by Medicare and/or Medicaid for the treatment of mental illness

Maximum Allowable Charge (Limit): The maximum dollar amount the Student Medical Benefit will pay for a defined procedure

Medical Equipment: A prosthesis, appliance, or device that is primarily and customarily used to serve a medical purpose and generally is not useful to a person in the absence of injury, illness, or congenital defect

Medical Supplies: Medical items that are for immediate use, are disposable, and are not reusable

Medical Treatment: Therapeutic measure(s), including consultations, undertaken by or under the direction of a physician in connection with an injury or illness

Non-contracted Facilities: Hospitals, labs, and other health-care facilities that have not contracted with Deseret Mutual to provide services to participants

Physician: A person who has been educated, trained and licensed as a physician to practice the art and science of medicine pursuant to the laws and regulations in the locality where the services are rendered

Preauthorization: A process of advance notification that is required for a number of benefits. When you preauthorize services with Deseret Mutual, you receive guidelines about what services are eligible for benefits before you commit to the costs

Residential Treatment Center for Mental Illness: A facility that is licensed by the state to provide residential treatment of mental illness that has licensed, clinical professionals providing specific treatment for either mental illness or chemical dependency

Student Responsibility: The percentage of eligible expenses you are responsible for paying after you make the applicable copayments and your benefits have been paid

Surgical Center: Any licensed public or private establishment:

- With an organized medical staff of physicians
- With permanent facilities equipped and operated primarily for the purpose of performing surgical procedures
- With continuous physician services whenever a patient is in the facility
- That does not provide services or other accommodations for patients to stay overnight
